Pool Play - First Round

- Players will be selected based on their six best finishes (regardless of partner) this season, in terms of points earned. The top 12 players will all be invited, with the next highest players serving as alternates for the first round of pool play. The players are seeded based on total points in those six events.
- The top four seeds are given a bye for the first round of pool play, while seeds 5-12 are divided into two pools as shown below. The format will be round robin, with partners switching for every match.
