Truck lovers and tiny tots alike are encouraged to explore these giant vehicles and get a look into the controls and operations from the driver's point-of-view with over 20 machines on display. Special activities for children will also include inflatables, a sand play area, a miniature roadway with toy vehicles and The Big Dig where children can try their hand at scooping sand with a contraption that works like a backhoe. New this year will be a Bike Rodeo where children ages 5-13 can bring or ride their bicycle to participate. The rodeo will feature a skills training course, bicycle inspection station, bicycle safety tips and helmet fitting.
